

Tri City Motor Speedway Rain Policy

Grandstands Rain Out Policy

- No cash refunds.
- Keep your receipt.
- When half of the scheduled races are complete, no rain check will be issued.
- If a race night is cancelled before half of the scheduled races are complete, your receipt will act as your rain check.
- Your rain check receipt will be good for admission to one of the next two scheduled races (not both) for equal or lesser value admission.
- Your rain check receipt must be used at one time to redeem rain check admission.
- In the event the next week's admission is higher, you will pay the difference when redeeming a rain check.
- If you cannot return in the next two weeks, call the track phone (989) 316-6804 within five days following the rain out to receive tickets to a future race.
- Check www.tricitymotorspeedwaymi.com for any re-scheduling of events that were rained out.
- Online tickets purchases made through Ticket Hoss will be credited to your account for a future race at Tri City Motor Speedway for the amount of the purchased ticket.

Pits Rain Out Policy

- No cash refunds.
- Keep your pit wristband.
- If a race night is cancelled before half of the scheduled races are complete, your pit wristband will act as your rain check.
- Your rain check pit wristband will be good for admission to one of the next two scheduled races (not both) for equal or lesser value admission.
- In the event the next week's admission is higher, you will pay the difference when redeeming a rain check.
- If you cannot return in the next two weeks, call the track phone (989) 316-6804 within five days following the rain out to receive tickets to a future race.
- Check www.tricitymotorspeedwaymi.com for any re-scheduling of events that were rained out.
- Special events (Monster Trucks, Tractor Pulls, etc.) scheduled outside of normal Friday night racing will have a different rain policy listed on the schedule/online ticket page.
- Online tickets purchases made through Pit Pass will be credited to your account for a future race at Tri City Motor Speedway for the amount of the purchased ticket.

Tri City Motor Speedway Rain Policy

What happens when it rains on race day?

Everything below applies to both the grandstands and pits.

Rain Delay

- A rain delay is when the race is officially delayed. Then the track will be attempted to be brought back to racing conditions.
- Grandstand receipts or pit wristbands cannot be exchanged or refunded, and rain checks will not be issued in the event of a rain delay.
- If the track can't be returned to racing conditions, you will be notified over the PA system that we have rained out for the evening.

If it is raining before the race:

The Tri City Motor Speedway crew has been hard at work protecting the track from the elements. This being the case, if the rain stops before the scheduled start time, there might be a rain delay and the scheduled events will continue as planned.

If it begins to rain during the race:

The Tri-City Motor Speedway crew will quickly work to return the track to safe racing conditions. At this time, the TCMS staff will work with the racers, along with local weather outlets, to ascertain the immediate weather outlook. If TCMS feels that the inclement weather will pass, a rain delay is put into effect. If TCMS feels that the inclement weather will not pass in a reasonable amount of time, an official rain out is announced.

- If a rain out is declared before half of the scheduled events have been completed, a rain check will be issued.
- If a rain out is declared after half of the scheduled events have been completed, the event will be considered complete and a rain check will not be issued.

The Tri City Motor Speedway staff appreciates your cooperation.
